Sir:

20 Please amend the above-identified International Application before entry
into the National stage before the U.S. Patent and Trademark Office under 35
U.S.C. §371 as follows:

In the Specification:

Please replace the Specification of the present application, including the
Abstract, with the following Substitute Specification:

SPECIFICATION

TITLE OF THE INVENTION

MOBILE TELECOMMUNICATIONS TERMINAL

BACKGROUND OF THE INVENTION

25 The present invention relates to a mobile telecommunications terminal
which can be activated at one of a number of different base stations in order to set
up and conduct communication connections with a telecommunications network via
this base station. Terminals of this type, in particular cordless telephones, can be
used by a user indiscriminately in connection with base stations installed at
